Архитектурный лист	СПбГАСУ	Формат А1	Формат А1

The drawing shows a house plan with a central hall and four rooms. The overall dimensions are 16200 (width) by 14400 (depth). The rooms are defined by dashed lines. The central hall is 6000 wide and 3000 deep. The four rooms are 5100 wide and 3000 deep. The drawing includes various symbols for doors, windows, and furniture. Angles of 22° and 15° are indicated. Section line indicators 1, 2, and 3 are shown.

This architectural drawing shows a symmetrical structural frame of a building. The drawing is oriented with a north arrow pointing upwards, labeled '1'. The structure is defined by a grid of columns and beams. The columns are labeled with numbers 1, 2, 3, and 4 at the bottom. The beams are labeled with letters A, B, Г, and Д on the left side. The drawing includes various dimensions: horizontal dimensions at the top and bottom, and vertical dimensions on the left. The horizontal dimensions at the top are 1320, 1300, 1500, 1100, 1400, 1300, 1300, 1200, 1100, 1000, 1200, 1200, and 900. The horizontal dimensions at the bottom are 450, 900, 900, 1000, 900, 1020, 5100, 6000, 16200, 5100, 900, 900, 1000, 900, 1020, and 450. The vertical dimensions on the left are 640, 1500, 1500, 1500, 1400, 1200, 3000, 1500, 1500, 1400, 1400, 3000, 1500, 1400, and 640. The drawing also shows various structural details, including beams, columns, and a central core. The drawing is a technical drawing, likely a structural frame, showing the layout of the building's structure. The drawing is symmetrical, with a central core and two main wings. The drawing includes various dimensions and grid lines, which are used to define the structure's geometry. The drawing is a technical drawing, likely a structural frame, showing the layout of the building's structure. The drawing is symmetrical, with a central core and two main wings. The drawing includes various dimensions and grid lines, which are used to define the structure's geometry.
